Valvoline™ Waterless Hand Cleaner Yellow

Waterless Hand Cleaner Yellow is a highly effective biodegradable, dermatologically tested hand cleaner with skin soothing components.

Waterless Hand Cleaner Yellow easily removes stubborn dirt such as grease, tar, ink, adhesive and paint. The highly effective biodegradable gel-style heavy duty hand cleaner contains pumice scrubbers which quickly cleans and conditions.

Applications

Waterless Hand Cleaner Yellow is specifically developed to remove extremely stubborn industrial dirt such as lubricants, grease, paint, varnish, ink, bitumen and glue.

The product cleans your hands even where other hand cleaners fail. Ideal for printing offices and paint spraying companies.

Approved by the French Government (AFNOR NF T 73-102).

Easy to use:

Simply apply the cleaner, rub hands together to agitate the cleaner then rinse or use a dry cloth to remove.

For further information on how to use Waterless Hand Cleaner Yellow, please visit www.valvolineeurope.com to view our instructional video.

Features & Benefits

Premium quality industrial hand cleaner

Waterless Hand Cleaner Yellow is a premium quality gel-like hand cleaner based on skin-friendly components, low aromatic hydrocarbon, biodegradable solvents and grains.

Biodegradable formula

Waterless Hand Cleaner Yellow formula is >80% biodegradable.

Skin-friendly

Waterless Hand Cleaner Yellow is dermatologically tested. Cleans, moisturizes, protects and is pH neutral.

Pleasant citrus fragrance.

Waterless Hand Cleaner Yellow contains a citrus solvent additive which not only cleans your hands effectively, but also gives a nice and fresh smell.

Health & Safety

This product is not likely to present any significant health or safety hazards when it is properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via <http://sds.valvolineglobal.com>

Protect the environment

Take used chemicals to an authorized collection point. Comply with local regulations. Do not discharge into drains, soil or water.

Storage

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be exposed to hot sun or freezing conditions.

Storage below 8°C or greater than 28°C can adversely affect product properties.
